### Chapter 1 by Ichigo

The short time in between running and sprinting is only approximately 5.10 seconds. Life is also that short, except the minutes are dragged out so it seems like an eternity when really, it's only 5.10 seconds long. You probably can't even process that and I don't blame you. I couldn't either. That was when I was 12. I'm 17 now and he keeps saying it's too late. I can't take any of those seconds back. He is Daniel. Daniel is dangerous. He's killed 510 people. Does that have to do with 5.10 seconds, you're wondering. Yes, yes it does. It has everything to do with 5.10 seconds. 510 people=5.10 seconds

No, the numbers don't match up or make sense, but I've got it. I have the answer. I am the ultimate one. The Chosen and no one can take it away. But, it wasn't like I was born like that, I became one. I chose my destiny to become the Chosen and maybe, you will be a Chosen too. We all choose our destiny.
